Protracted conflicts in the GUAM area and their implications for international peace, security and development

The situation in the occupied territories of Azerbaijan

Letter dated 2 February 2016 from the Permanent Representative of Azerbaijan to the United Nations addressed to the Secretary-General

Upon instructions from my Government, I have the honour to convey herewith the records of the violations of the ceasefire by the Republic of Armenia in December 2015 (see annex). During the reporting period, Armenia violated the ceasefire regime 3,080 times and continued the usage of large-calibre weapons, trench mortars, grenade launchers and other heavy weaponry from its positions in the occupied territories of the Republic of Azerbaijan and from its own territory.

As a result, three servicemen of the armed forces of the Republic of Azerbaijan were killed and eight servicemen were wounded.

Intensified ceasefire violations by Armenia during the meetings of the Organization for Security and Cooperation in Europe Minsk Group co-chairs with the Foreign Ministers of the Republic of Azerbaijan and the Republic of Armenia, held in Belgrade (3 and 4 December 2015), were further proof of Armenia's unconstructive approach that impedes the negotiation process.

The continued occupation of a large portion of the territory of the Republic of Azerbaijan by the armed forces of the Republic of Armenia is the main obstacle to the settlement of the conflict between Armenia and Azerbaijan and the only source of the escalation of the situation and of occurrences of hostilities and casualties. Therefore, first and foremost, Armenia must withdraw its armed forces from the occupied territories of the Republic of Azerbaijan.

Azerbaijan will use its legitimate right to take appropriate measures to protect its population and territory from further hostile actions by the Republic of Armenia, the aggressor State, in accordance with the Charter of the United Nations.

Letter dated 2 February 2016 from the Chargé d'affaires a.i. of the Permanent Mission of the Syrian Arab Republic to the United Nations addressed to the President of the Security Council

On instructions from my Government, I wish to respond to the baseless allegations made in the letter issued as document S/2015/1028 addressed to the President of the Security Council.

On 22 December 2015, during clashes on the line separating the towns of Darayya and Mu'addamiyah in Rif Dimashq, a terrorist group left Mu'addamiyah in the direction of Darayya town to support terrorists there. Their departure coincided with a Syrian Air Force helicopter operation. Five terrorists were killed by the impact of explosions resulting from those operations.

The channels of the opposition and terrorist groups exploited the incident. They displayed pictures and video footage of the dead terrorists, claiming that the Army had fired missiles armed with toxic chemicals at the town. Witnesses from a medical commission composed of civilians from the town are prepared to meet with any United Nations committee to refute the idea that any of those who died could have been the target of a chemical substance attack.

I should be grateful if the present letter could be issued as a document of the Security Council.

Identical letters dated 2 February 2016 from the Permanent Representative of Israel to the United Nations addressed to the Secretary-General and the President of the Security Council

I am writing to you with regard to the letter dated 21 December 2015 sent by the Permanent Representative of Lebanon to the Secretary-General and the Security Council (A/70/670-S/2015/1051).

That letter contains, once again, intentionally misleading accusations against Israel with regard to violations of Security Council resolution 1701 (2006). As with previous accusations alleged by the Permanent Representative of Lebanon, the factual record in many of the cited instances has been distorted, while other incidents as described do not constitute violations of resolution 1701 (2006).

I would also like to specifically clarify that since the mandate of the United Nations Interim Force in Lebanon (UNIFIL) does not include the delineation of the maritime boundary, all claims of violations of so-called maritime boundaries are beyond the scope of the UNIFIL mandate.

In order to set the record straight, please see Israel's detailed response to the claims alleged by Lebanon, which is contained in the annex to the present letter (see annex, sect.1).

As outlined in this letter, as well as in previous letters that I have sent, violations by Lebanon of resolution 1701 (2006) are daily occurrences and the armed presence of Hezbollah in southern Lebanon goes unchallenged by the Government of Lebanon. Despite their visibility and frequency, the vast majority of violations are consistently excluded from the reports of the Secretariat.

A statistical summary of the violations committed by Lebanon in the year 2015, totalling 2,347 violations, is contained in section 2 of the annex to this letter.

I should be grateful if you would have the present letter and its annex circulated as a document of the Security Council.

(*Signed*) Danny **Danon**

Annex to the identical letters dated 2 February 2016 from the Permanent Representative of Israel to the United Nations addressed to the Secretary-General and the President of the Security Council

1. Response by Israel to the alleged accusations

Date	*Time*	*Alleged nature of violation*	*Response*
2 November 2015	1300	An Israel Defense Forces patrol conducted work in the Israeli side of the al-Khiyam area.	This incident does not constitute a violation of Security Council resolution 1701 (2006) or the Blue Line.
5 November 2015	1040	An Israel Defense Forces patrol in the Marun al-Ra's area (near point B51) apprehended the Lebanese civilian Ali al-Asi, who approached the technical fence. The civilian was released the same day at 1855 hours.	1. The Lebanese civilian crossed the technical fence and infiltrated Israel's territory, while violating Israel's sovereignty and the Blue Line and creating a serious potential for friction. 2. The aforementioned civilian was arrested by the Israel Defense Forces and was returned to Lebanon in coordination with the United Nations Interim Force in Lebanon (UNIFIL). The International Red Cross was also informed of the matter. 3. It should also be emphasized that the civilian infiltrated Israel's territory and was not, as was claimed by the Permanent Mission of Lebanon, in fact kidnapped. 4. The Israel Defense Forces cooperated with the UNIFIL investigation into the matter and allowed the UNIFIL investigation team to patrol the area of the incident.

Date	*Time*	*Alleged nature of violation*	*Response*
7 November 2015	1500	Seven Israel Defense Forces soldiers climbed on top of the technical fence opposite the Lebanese Army Kafr Killa position and photographed the position.	1. Israel Defense Forces soldiers came in contact with the technical fence located south of the Blue Line, but did not cross the fence. 2. It should be emphasized that the technical fence is not the relevant reference line for inquiry of whether a violation occurred. The only reference line is the Blue Line. 3. The Blue Line was not crossed; therefore, this incident does not qualify as a violation of Security Council resolution 1701 (2006) or the Blue Line.
	1810	An Israel Defense Forces patrol in Ghajar village directed a searchlight towards Lebanese territory.	This incident does not constitute a violation of Security Council resolution 1701 (2006) or the Blue Line.
	2120	An Israel Defense Forces patrol in Labbunah area directed a searchlight towards Lebanese territory and turned it off the following day, 8 November 2015.	This incident does not constitute a violation of Security Council resolution 1701 (2006) or the Blue Line.
11 November 2015	1045	An Israel Defense Forces patrol comprising two Hummer vehicles and a Defender vehicle arrived in the Udaysah area. Ten soldiers disembarked from the vehicles and pointed a 12.7 mm machine gun mounted on one of the vehicles at the Lebanese Army checkpoint in the area. The patrol left the location at 1115 hours.	This instrument served the patrol for observation only and there was no intention to point a weapon or threaten the Lebanese Army forces. Furthermore, this incident does not constitute a violation of Security Council resolution 1701 (2006).

Letter dated 3 February 2016 from the Permanent Representative of Turkey to the United Nations addressed to the President of the Security Council

Upon instructions from my Government and with reference to my letter dated 24 November 2015, I am writing to you with regard to another violation, established by the Turkish air defence system, of the Turkish airspace by a Russian combat aircraft.

An SU-34-type Russian aircraft violated Turkish airspace for 23 seconds at a depth of 0.4 nautical miles and for a distance of 2.7 nautical miles in the vicinity of Karkamış/Gaziantep on 29 January 2016 at 11.46 hours local time, while flying at an altitude of 16,000 feet. The violation started at 36°45'16"N-037°47'25"E and ended at 36°45'03"N-037°44'29"E. Before the incident occurred, the aircraft had been warned numerous times by Turkish authorities, in both Russian and English, to alter its course.

The airspace violation was also detected by the NATO Combined Air Operations Centre in Spain, and the NATO Secretary General confirmed in his statement of 30 January that a Russian combat aircraft had violated the Turkish airspace.

Despite several previous explicit warnings, this violation is actually the second of its kind, after the incident that took place on 24 November 2015, and constitutes another concrete example of continuing escalatory Russian behaviour.

The Russian ambassador to Ankara was summoned to the Turkish Ministry for Foreign Affairs following the incident on 29 January, and the violation of Turkish airspace was strongly protested. Turkey also proposed holding a telephone conversation at the presidential level following this incident. Regretfully, as in the aftermath of the 24 November incident, the Russian side refrained from such direct communication.

As was reiterated in the statement of the Turkish Ministry for Foreign Affairs on 30 January 2016 (see annex), we once again call on Russia to act responsibly and not to violate Turkish airspace. We underline that such grave actions could have serious consequences, the responsibility for which will rest entirely with the Russian Federation.

I would be grateful if the present letter could be circulated as a document of the Security Council.

Annex to the letter dated 3 February 2016 from the Permanent Representative of Turkey to the United Nations addressed to the President of the Security Council

Press release regarding the violation of Turkish airspace on 29 January 2016 by an aircraft of the Russian Federation

Yesterday (29 January 2016), at 11.46 hours local time, an SU-34-type Russian aircraft violated Turkish airspace.

Before the violation actually took place, the Russian plane was warned numerous times by Turkish air radar units, through appropriate channels, in both English and Russian.

This new violation occurred despite several previous explicit statements of warning by both Turkey and NATO and is yet another concrete example of escalatory Russian behaviour.

We once again explicitly call on Russia to act responsibly and not to violate Turkish airspace, which is NATO airspace. We underline that such actions could have serious consequences, the responsibility for which will rest entirely with the Russian Federation.

The Russian Ambassador to Ankara was summoned to the Ministry for Foreign Affairs yesterday evening. At the meeting, we strongly protested and condemned this violation and reiterated, once again, the aforementioned concerns as to the gravity of such violations.

Recommendations contained in the report of the Analytical Support and Sanctions Monitoring Team submitted pursuant to paragraph 13 of resolution 2214 (2015) concerning the terrorism threat in Libya posed by Islamic State in Iraq and the Levant, Ansar al Charia and all other individuals, groups, undertakings and entities associated with Al-Qaida operating in Libya: position of the Committee

I. Introduction

1. On 22 September 2015, the Analytical Support and Sanctions Monitoring Team established pursuant to resolution 1526 (2004) submitted, pursuant to paragraph 13 of resolution 2214 (2015), its report concerning the terrorism threat in Libya posed by Islamic State in Iraq and the Levant (ISIL), Ansar al Charia and all other individuals, groups, undertakings and entities associated with Al-Qaida operating in Libya (S/2015/891). The Committee expresses its gratitude to the Monitoring Team for the exemplary work undertaken in the fulfilment of its mandate.

2. Since December 2005, the Committee has established the practice of responding to each of the reports submitted to it by the Monitoring Team and bringing to the attention of the Security Council its position on the recommendations contained therein.

II. Maintenance of the Al-Qaida sanctions list

3. **Further listings relating to ISIL in Libya**. The Monitoring Team recommended that the Committee should issue a note verbale to all Member States encouraging further listings relating to Al-Qaida-associated individuals and entities operating in Libya, in particular listings relating to ISIL in Libya. The Committee agreed with the recommendation and sent a note verbale to all Member States on 24 November 2015.

III. Travel ban

4. **Advanced passenger information and foreign terrorist fighters**. The Monitoring Team recommended that the Committee should issue a note verbale to all Member States emphasizing that the travel of foreign terrorist fighters via international airports to Libya was a risk factor, reminding Member States of the possibility of using advanced passenger information provided by airlines operating in their territories to detect the departure of individuals listed on the Al-Qaida sanctions list, and urging those who had not yet done so to employ particular vigilance, in accordance with their national legislation, as far as travel of individuals to Libya was concerned. The Committee agreed with the recommendation and sent a note verbale to all Member States on 24 November 2015.

IV. Outreach and reporting

5. **Improvised explosive devices**. The Monitoring Team recommended that the Committee should hold a meeting between the Committee, the Government of Libya, appropriate neighbouring Member States and relevant United Nations entities, as well as with the participation of the Monitoring Team, to jointly analyse potential capacity gaps, in particular as they related to border controls and counter-improvised explosive device capabilities, and discuss potential measures on how those gaps could be closed. The Committee agreed to liaise with relevant stakeholders, including the Government of Libya, the United Nations Support Mission in Libya, the Security Council Committee established pursuant to resolution 1373 (2001) concerning counter-terrorism and the Security Council Committee established pursuant to resolution 1970 (2011) concerning Libya on opportunities for such a joint meeting.

6. **Cooperation with the International Criminal Police Organization (INTERPOL)**. The Monitoring Team recommended that the Committee should encourage INTERPOL, in cooperation with the Government of Libya and appropriate neighbouring Member States, to develop a specific project enabling information exchange between Member States on foreign terrorist fighters and the interconnection between smuggling and terrorism finance. The Committee agreed with the recommendation and wrote to the Secretary-General of INTERPOL to encourage, within the framework of ongoing global INTERPOL projects on foreign terrorist fighters and projects targeting the intersection of transnational organized crime and terrorism, the engagement of the Government of Libya in developing, in coordination with States of the region, if feasible, targeted subprojects focusing on the terrorism threat in Libya, in particular in relation to challenges of regional information-sharing concerning foreign terrorist fighters and the combating of transnational organized crime and its intersection with the threat of Al-Qaida-affiliated groups in Libya. In response, the Secretary-General of INTERPOL, in a letter dated 18 December 2015, informed the Committee of a three-year INTERPOL project on rebuilding Libyan investigative capacity (currently on hold owing to the security situation). He described INTERPOL engagement with Libya and other countries in the region, stating that he looked forward to working with the Committee to support the Government of Libya in its efforts to combat ISIL and other terrorist organizations. The Committee, in response to that letter, encouraged the Monitoring Team to continue to consider possible synergies with INTERPOL and the efforts made by the Government of Libya to combat ISIL, Al-Qaida and associated groups.

General Assembly
Seventieth session
Agenda item 34
Prevention of armed conflict

Security Council
Seventy-first year

Letter dated 29 January 2016 from the Permanent Representative of Armenia to the United Nations addressed to the Secretary-General

Upon the instruction of my Government, I am writing to convey Armenia's grave concern about the continuing violations of the ceasefire regime by the armed forces of Azerbaijan on the line of contact between Nagorno Karabakh and Azerbaijan, and across the border between Armenia and Azerbaijan during the month of December 2015 (see annex). Azerbaijan's extensive use of grenade launchers and mortars, combined with subversive operations and shelling across the border and the line of contact, continues to claim casualties among civilians and combatants and further escalates the situation in the region.

The total number of casualties during December 2015 — Erik Grigoryan, Garik Avanesyan, Vardan Vardanyan, Karen Grigoryan, Aghasi Grigoryan, Robert Aleqsanyan, Fidar Aloyan and Karen Aqulyan, of the armed forces of Armenia and the defence forces of Nagorno Karabakh — stands at eight. There were also 22 wounded (see annex for details).

Armenia deplores Azerbaijan's continued policy of escalating the situation on the ground, while refusing to demonstrate political will to achieve progress in the negotiations for the peaceful settlement of the Nagorno Karabakh conflict. Azerbaijan bears full responsibility for the lack of progress in the peace process and the escalation of tensions.

While committed to achieving a durable peace, stability and security in the region and investing its utmost towards the settlement of the Nagorno Karabakh conflict exclusively through peaceful means, Armenia will take all necessary and resolute measures to respond adequately to the adventurist and irresponsible actions of Azerbaijan.

I kindly request that this letter be circulated as a document of the General Assembly, under agenda item 34, and of the Security Council.
